

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

HB 341 – SB 367

April 1, 2019

SUMMARY OF ORIGINAL BILL: Increases, from 10 to 20 working days, the time in which a health care provider must furnish a copy or summary of a patient's medical records to a patient or a patient's authorized representative when requested by the patient in writing.

FISCAL IMPACT OF ORIGINAL BILL:

NOT SIGNIFICANT

SUMMARY OF AMENDMENT (005772): Deletes all language after the enacting clause. Establishes that a licensed nonresidential office-based opiate treatment facility that has a physician in the ownership structure of its controlling business entity is authorized to employ or contract with a physician if the employment relationship between the physician to be employed or contracted with and the nonresidential office-based opiate treatment facility is evidenced by a written contract, job description, or documentation containing language that does not restrict the physician from exercising independent professional medical judgement in diagnosing and treating patients.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Unchanged from the original fiscal note.

Assumptions for the bill as amended:

- Authorizing a licensed nonresidential office-based opiate treatment facility that has a physician in the ownership structure of its controlling business entity to employ or contract with a physician will not significantly impact the procedures or processes of the health related boards or the Department of Health; therefore any fiscal impact is estimated to be not significant.
- Pursuant to Tenn. Code Ann. § 4-29-121, all health related boards are required to be self-supporting over a two-year period. The Board of Medical Examiners had an annual deficit of \$4,714 in FY16-17, an annual deficit of \$231,445 in FY17-18, and a cumulative reserve balance of \$2,467,326 on June 30, 2018.
